

### An Historic Church.

The history of the First Parish of Dorchester, now a part of Boston, is the history of one of the oldest churches in New England. The parish was organized June 23, 1636, and the first church was built in 1641. The second church was built in 1646, and the third in 1677. In 1743 they erected their fourth church, and on May 16, 1816, the corner-stone of the church burned a year ago was laid. Now a beautiful reproduction of the old church is ready for dedication.

The old bell which has been recast and hung in its old position in the belfry, will continue to call parishioners to service, as it has done for over 145 years. This bell has been a part of the civil as well as of the religious history of the town, for not only has it called the settlers to meeting, aroused them to attend fires, called them to town meetings and tolled at deaths, but it announced the birth of liberty in 1776 and called the troops for the Civil War in 1861.

### In Doubt.

A near-sighted girl happened to pass a furnishing store and to glance at the show window. She checked a scream and said to her companion:

"Oh, please come here and relieve my suspense."

"How?"

"Tell me what I am looking at, boa constrictors or bicycle stockings!"

—Washington Star.

### Ere the Farewell is Spoken

On the deck of the steamer, or on board the train that is to bear you away from those dear to you, you will, if you are wise, have safely stowed away in your luggage a sufficient supply of that safeguard against illness—Hostetter's Stomach Bitters. Commercial travelers, tourists and pioneer emigrants concur in testifying to the fortifying and saving properties of the great tonic. Use for constipation, biliousness, indigestion and kidney complaints and nervousness.

Considering the fact that it always got roasted the peanut managers to preserve its heartiness.

### A Nonsensical Notion.

Some folks actually believe that they can cure skin diseases through their stomachs. It is absurd on its face—absurd on the face of the man who believes, too, because his disease stays right there. Says there till he uses Tetterine. It is the only safe and certain cure for Tetter, Ringworm, Eczema and other itchy irritations. Good for Dandruff, too. At drug stores, 50 cents, or by mail from J. T. Shuprine, Savannah, Ga.

Salt should be placed in the water in which matting is washed.

Fits permanently cured. No fits or nervousness after first day's use of Dr. Kline's Great Nerve Restorer. \$2 trial bottle and treatise free. DR. R. H. KLINE, Ltd., 381 Arch St., Phila., Pa.

We have not been without Piso's Cure for Consumption for 30 years.—LIZZIE FERRELL, Camp St., Harrisburg, Pa., May 4, '94.

E. B. Walshall & Co., Druggists, Horse Cave, Ky., say: "Hill's Catarrh Cure cures every one that takes it." Sold by Druggists, 75c.

Mrs. Winslow's Soothing Syrup for children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 25c. a bottle.

### GAINED IN STRENGTH

Was Confined to the Bed Most of the Time—The Remedy.

"I was much run down in health and had to keep my bed the greater part of the time. I had no appetite and did not rest well nights. I began taking Hood's Sarsaparilla and my appetite returned and I gained strength rapidly, and soon felt like a new man. I attribute my escape from illness of any kind the past winter to taking Hood's Sarsaparilla." ABEL MYERS, Arthur, New York. Get Hood's.

Hood's Pills the best family cathartic, easy to operate. 25c.

### MAPLE SYRUP

Made on your kitchen stove in a few minutes at a cost of about 25 Cents Per Gallon, by a new process, which sells at \$1.00 per gallon.

"I want to thank you for the Maple Syrup recipe which I find is excellent. I can recommend it highly to any and every one."—REV. SAM P. JONES, Carterville, Ga.

Send stamped envelope and see what it is. J. N. LOESPEICH, Morristown, Tenn.

### A VETERAN'S WIFE.

Affected With Heart Disease and Given Up to Die—Saved in a Wonderful Way.

From the Press, Utica, N. Y.

There is no one better known or respected in the village of Brookfield, Madison Co., New York, than Mrs. John Fisk, the wife of an old resident and veteran of the war of the Rebellion. In April of this year, Mrs. Fisk lay at death's door from neuralgia and heart disease, the family physician having recommended her to settle all her worldly affairs, as she was liable to be taken at any minute, and inquiring friends expected at each visit to hear that she had passed away.

But Mrs. Fisk, to the surprise of her neighbors and physicians, suddenly began to mend, and now she is as strong and healthy a woman of her advanced age (76 years) as can be found, and she really does not appear nearly as old as she is. The following is her own story of how she was cured.

"I consider it a duty to myself and the community to tell of my extraordinary recovery from what was thought by my physicians, my husband and friends to be a fatal illness. I had long been suffering from neuralgia in its worst form, enduring agonies that only those who have undergone such torments know, until my heart became so affected functionally and organically, that the doctor said I was liable at any time to pass away. He had done all in his power for me, and I thank him much for his kindness and attention, and believe him to be a good, faithful physician. I was not disposed to die, however, if I could help it, and he having done all he could, I felt at liberty to use any other means that held out a chance of life, and determined to try a remedy that had been recommended by a friend who had been at death's door from rheumatism and heart disease, but who now is in good health.

"Whatever doubt I may have had as to this remedy's efficacy in a dissimilar disease, to that from which he had suffered, was dispelled on reading in the Press of a case identical with my own being cured, with the name and address of the person who had been so benefited. So my husband and I took the treatment, purchased for me a box of Dr. Williams' Pink Pills. I took them according to directions, and within a very short time the pains began to disappear, my heart's actions became normal, and four weeks ago I ceased taking them, as I am entirely cured, and able to do my household work as well as when I was a young woman.

"I had always, until I tried Dr. Williams' Pink Pills, looked with suspicion on all advertised cures, but now my ideas have undergone a wonderful change in that direction, for under God's all-wise Providence, 'Pink Pills' have renovated me, and apparently given me a new lease of life.

"This is no secret in this locality, and I hope this certificate may be the means of other sufferers in distant places securing the same benefits that I have received."

"CLARA FISK." Pink Pills are sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company.

### Telling Troubles.

"Tis said to be an easy thing, Another's woes to bear,

But that depends, I wot, upon How free he is to share."

—Chicago Journal.

### Profits 300 to 500 Per Cent.

The sewing machine, one of the greatest blessings in the way of machines ever offered the public, sold for years at sixty dollars in the United States. The same machine, however, to be shipped to a foreign land, could be purchased below twenty dollars. After the patents ran out the price fell rapidly until now sewing machines are sold for twenty-five dollars and often below twenty dollars. The sewing machine manufacturers became immensely rich from their profits of several hundred per cent. It has been estimated that typewriting machines cost less than twenty dollars to build, while they sell for from fifty dollars to one hundred dollars each.

It is generally understood that an agreement exists whereby these high prices are maintained. Business men are compelled to pay from three hundred to five hundred per cent profit or go without the machines.

Are there any other machines which yield such profits as the sewing machine did for years, and the typewriting machine has and does, except it be the bicycle?

### Needed Assurance.

"Why are they putting that glass front in the savings bank?"

"So that the depositors can see how homely the president's typewriter is."

—Chicago Post.

### MILLS WILL CLOSE DOWN.

More Than 25,000 Iron and Steel Workers Will Be Idle.

Every mill in the United States whose wage scales are under the jurisdiction of the Amalgamated Association of Iron, Steel and Tin workers will shut down.

These mills altogether employ 25,000 men, who are members of the Amalgamated Association, besides those who are not. The general shutdown will take place on account of the failure of Amalgamated Association scale committee and the manufacturers to agree on a puddling rate at the conference held at Youngstown O., Wednesday.

They were in session all the afternoon, and did not get any further than the puddling rates. The committee held for \$4.50 a ton for puddling, and the manufacturers refused to budge from their stand for \$4. An adjournment sine die was finally taken, each side to let the other know when it had experienced a change of heart. All the visiting manufacturers and delegates left at once for their homes.

The wage struggle this year promises to be protracted because of the wide divergence between workers and manufacturers. The steel, sheet iron, tin plate, flint glass, bottle blowers and window glass workers are all interested in the outcome of the wage conference being held. The manufacturers have been late to call for meetings and reluctant to sign when approached for settlement.

The suspension of work in the mills, with the addition of the coming big coal strike, will be the biggest suspension of business at one time for years past.

The tin plate manufacturers will hold another conference with the workers' wage committee. Every tin plate plant in the country closed down Wednesday evening, throwing about 12,000 people out of work. The shrewdest guessers cannot tell when the tin plate scale will be signed.

There will be trouble when the flint glass workers seek to have the chimney scale signed. The manufacturers want a decided reduction and are after it hard. The stubborn fights put up by the flint glass workers are proverbial and a long shut down is anticipated. In this industry no trouble is anticipated over the remaining glass scales. There is no telling when the window glass scale will be settled, and the manufacturers and workers are in no hurry to come together for a conference. About 15,000 men are involved in the scale.

### CHAPMAN GETS NOMINATION.

Ohio Democrats Hold State Convention and Name a Full Ticket.

The democrats of Ohio held their state convention at Columbus Wednesday and nominated Horace L. Chapman, an original silver man, for governor. The platform adopted is an endorsement of the Chicago platform, the money planks being emphasized by being reproduced in the Ohio document. The platform proper stops there, but two supplementary planks were adopted, one a strong arraignment of trusts, the other the Cuban plank.

The platform makers thought it best to leave the issue clear-cut, and for that reason made the platform proper as short as possible.

General Warner, the veteran leader in the silver fight, was given a great reception when he appeared to report the platform. The cheers were for him as a man and a silver leader, but especially for the principles which he represents.

There was not a dissenting voice nor the semblance of disapproval, but, on the contrary, a degree of enthusiasm equal to that which greets silver utterances in the south or west.

Mr. Chapman, the nominee for governor, is especially strong with the labor element of the state, and at the same time enjoys the full confidence of the business element, for he has been a remarkably successful man. He is an original silver man, though president of a national bank at Jackson, where he lives and has his coal mines.

The full ticket named is as follows:

Governor, Horace L. Chapman.

Lieutenant governor, Melville D. Shaw.

Supreme court judge, J. P. Spriggs.

Attorney general, W. H. Dore.

State treasurer, James F. Wilson.

Board public works, Peter H. Degnan.

School commissioner, B. H. Hurd.

### DECISION CAUSED TROUBLE.

A Tacoma, Wash., Bank Forced Into Hands of Receiver.

The Union Bank, Savings and Trust Company of Tacoma, Wash., has closed its doors and gone into the hands of a receiver as a direct result of the recent supreme court decision claiming a large amount of city warrants to be illegal.

Judge Williams appointed Charles Richardson to the charge.

The bank was organized in February, 1891, with the late General William Sprague as president.

It owns \$155,000 of the Tacoma general fund warrants and \$18,000 of the city hall warrants, the validity of which was thrown into question by the supreme court decision.

### Send for Price List

Col. BEN S. LOVELL, Treasurer Lovell Arms Co.

It is all that we ask and it will cost but a postal to do it. All we ask is to get your eye for a minute on details and prices. The goods will sell themselves. You know as well as we that the John P. Lovell Arms Co. of which the indefatigable Col. Ben S. Lovell, known all over the world, is treasurer and acting head, has made and for a half century maintained its great reputation by the manufacture of sterling goods. It is still the world's headquarters for guns, rifles and revolvers, fishing tackle, skates and sporting goods of every description and is no less the headquarters for the highest grade bicycles. The company was the moving spirit in forming the combination of the four leading manufacturers in this country, the "Big Four," so-called, to hold up the grade and hold down the price of wheels. Those who were handling the thousand and one wheels the manufacturers were ashamed to be "kicked." The profit on the cheap purpose, and today a cyclist may ride a first-class guaranteed wheel at the price it has cost to ride one made like the famous "razors," to sell. For this boon the public owes the Lovell Arms Co. thanks. A catalogue of our regular bicycle stock and a special list of wheels issued by the Big Four Combination will be mailed free on application to the John P. Lovell Arms Co., 131 Broad street, Boston, Mass.

### Sweetness and Light.

Put a pill in the pulpit if you want practical preaching for the physical man; then put the pill in the pillory if it does not practise what it preaches. There's a whole gospel in Ayer's Sugar Coated Pills; a "gospel of sweetness and light." People used to value their physic, as they did their religion,—by its bitterness. The more bitter the dose the better the doctor. We've got over that. We take "sugar in ours"—gospel or physic—now-a-days. It's possible to please and to purge, at the same time. There may be power in a pleasant pill. That is the gospel of
